

The Piedmontese delegation at Paris Air Show 09

EXHIBITOR	SITE	ACTIVITY
FIDIA	www.fidia.it	CNC and 5-axis high speed milling machines, landing gears in inconel/titanium, engine components, blades. Rototilting tables and fork-type 5-axis heads with X travel capacity over 12mt.
IDROSAPIENS	www.idrosapiens.it	Design, manufacturing and testing of metallic bellows, expansion joints and flexible hoses, piping sucts, supports and ancillary equipment
LMA	www.lmasrl.it	Precision mechanical machining, sheet metal forming exclusively for the aerospace industry.
NUOVA CUMET	www.nuovacumet.it	Submicrograin carbide tools for aerospace, cars, turbine, molds industries.
PRESTEL ELETTRONICA	www.prestel.it	Harnesses for aeronautic field (civilian and military). Production process: from the laser mark of cables to the final test of harnesses done with specific analysers.
PRIMA INDUSTRIE	www.primaindustrie.com	Leader in the field of laser and sheet metal machinery.
SIME	www.simeccanica.it	Up-to-5-AXIS Milling, CNC turning, Grinding, Thread-Rolling and NAS 410 NDT. Qualified EN9100, ISO 9001 and AQAP-2120
SODER	www.soder.it www.soderwelding.it	Welding technologies and welding consumables: workshop, supply, service, consulting.
TORNERIEZS	www.zsminuterie.com	Turned parts in stainless steel austenitic, martensitic, ferritic, alloy steel, aluminium and its alloys, AVP, bronze aluminium, ergal, inconel alloysPlastics, aeronautical material, brass OT58/OT57, titanium
TUBIFLEX	www.tubiflex.com	Corrugated and interlocked hoses, expansion joints in stainless steel, convoluted tape-wrapped hose in PTFE, kraft paper, aluminium, fiberglass, mineral fiber, sprinkler and vacum hoses, heat-exchangers.
PIEDMONT AEROSPACE DISTRICT	www.finpiemonte.it	Coordination board of the regional institutions committed to the development of Piemonte aerospace expertise.
